<u>Regular Agenda</u> –Eagle upgrade

The system that allows persons to enter the building and turn on and off the alarm system is outdated. In the next couple of months there will no longer be support for the program. Consequently, we need a news system.

Please find the cost of upgrade.

Recommendation: Option two is recommended for the following reasons

1. No instillation fees
2. Open close reporting
3. Only $30 copay is required for services (option 1 charges an additional $85 an hour)
4. Annual preservative maintenance inspection included
